EDUCATION

High School

2014 - 2018
Sahloul 4 (Science Experimental)

University

2022 - Present
double degree in software engineering at Horizon School of Digital Technologies & Beijing University of Technology

2018 - 2021   *Physiotherapy Diploma*
Higher school of science and health technique of Monastir, Tunisia

LANGUAGES

English - Arabic - French

SKILLS

- Linux
- GIT
- Python
- C
- NextJs
- NodeJs
- Software Testing / ISTQB
- Back End
- Junit
- Java
- Agile Methodology
- Django
- UML conception software engineering
- Sql/nosql

PROFILE

A former physiotherapist with nearly a year of hands-on experience, I've decided to make a career change to software engineering. Currently in my second year of study pursuing a double degree with Beijing University of Technology, I bring a strong passion for technology and software development, with a keen interest in backend development. My academic journey has provided me with a solid foundation in software engineering principles.

CERTIFICATIONS

- ·Meta Back-End Development - **Meta** (Sep 2023)
- React Basics - **Meta** (Apr 2024)
- Building RESTful APIs with Node.js and Express - **Board Infinity** (Mar-2024)
- Java Testing Specialization - **Learn Quest** (Mai 2024)

WORK EXPERIENCE

- **Web Application Development**

1. Built Web applications using Next.Js for server-side rendering and static site generation.
2. Developed interactive Front-end components with React for enhanced user experience.
3. Integrated Back-end services and APIs using Node.js for seamless application functionality.
